If the minimum circulation level is not met, a minimum quantity surcharge will apply. This is calculated using the shortfall from the minimum circulation, based on the 'excluding subscription' price.</p>	DISPOSAL	<p>The publishing house reserves the right not to accept orders for products (bound inserts, product samples, scented bound inserts, etc.) that are not easily disposable together with waste paper. If necessary, any costs for separate disposal must be borne by the client.</p>
